

## *Great Customer Service, Exceptional Quality, at a Fair Price.*

---

At Seville Cabinetry, our vision is grounded in excellence, integrity, and innovation. With a broad selection of quality woods, elegant finishes, and thoughtfully designed door styles, we offer meaningful design flexibility paired with exceptional craftsmanship. Our commitment to sustainability, community, and long-term growth ensures every cabinet is built with pride—for today and for years to come.

Seville Cabinetry creates customizable cabinetry that elevates homes and everyday living through timeless design and lasting performance. From select hardwoods and fine finishes to versatile door styles and accessories, our state-of-the-art facility in Northeastern Wisconsin provides the freedom to bring any vision to life. Whether it's a welcoming mudroom or a full-home custom library, Seville Cabinetry is designed and built to be enjoyed for a lifetime.

## *Our Roots*

---

The Seville story is part of the larger Valley Cabinet, Inc. family legacy. Founded in 1960 by Jim and Mary Jane Stoller in a small garage in rural De Pere, Wisconsin, Valley Cabinet was built on a simple yet enduring promise: great customer service, exceptional quality, at a fair price. With the support of family and friends, the business quickly grew into Northeastern Wisconsin's premier cabinetmaker, earning trust through craftsmanship, attentive service, and relationships built on a handshake. That same promise continues to guide us today through the second- and third-generation.

## *Our Story*

---

Founded in 1994, Seville Cabinetry was created to extend Valley Cabinet's tradition of quality through a nationwide dealer network. Today, Seville is proudly represented by dealers across the Midwest, Mid-Atlantic, Southeast, and New England, bringing customizable cabinetry to homes throughout the region. As part of the Valley Cabinet, Inc. family of brands, our team of nearly 300 skilled professionals continues to craft cabinetry with care and precision.

## *Looking Ahead*

---

Behind the scenes, we continue to invest in our company, reflecting our commitment to innovation, sustainability, and long-term growth. By equipping our employees with advanced tools and modern facilities, we ensure Seville Cabinetry remains a leader in design, craftsmanship, and customer service. Grounded in tradition and inspired by future generations, our story continues—guided by quality, integrity, and a passion for excellence.

# SEVILLE CABINETS

## Traditional Framed Construction

Our Seville line features the finest woods combined with a wide selection of door styles and finishes in a premier line of quality, customizable cabinets featuring traditional frame construction.

## Seville Construction Features

1. Face Frame
2. Web Frame
3. Tops/Bottoms
4. End Panels
5. Backs
6. Adjustable Shelves
7. Drawer Box/Rollout Trays
8. Hanging Strips
9. Guides
10. Toe Kick

## Overlay Hinging

With overlay hinged cabinetry, the doors overlay the face frame of the cabinet. Seville offers Standard, Modified, Partial Full, and Full overlay options.

## Inset Hinging

Inset cabinetry has doors that are set into the face frame of the cabinet. The frame itself has either a flush or beaded inside edge.
